10. [] LLM) Discussed with Kathy Nelson, Assistant to Senator Stuart Symington (D., Mo.), our workup on the galleys on Mr. Colby's confirmation hearings. I agreed with Miss Nelson that there was no need to delete Kissinger's title with the 40 Committee inasmuch as Mr. Colby had given similar information in open session. In response to my query, Miss Nelson will raise with Symington the deletion of [] name from a question by Symington.
